Who We Are

Chemistry industry companies in NY, NJ, PA and DE are proud of chemistry's contributions to our modern life, from innovations in products we use everyday to the economic impact in the U.S. and abroad. Chemistry is essential to safety, health, innovation, the environment, the economy... essential2 our lives.

The American Chemistry industry makes the products that make modern life possible, while working to protect the environment, public health and the security of our nation. From medicines, fabrics, plastics and clean drinking water to cell phones, computers, automobiles and aircraft, chemicals and the business of chemistry are at the heart of a safer, more convenient and healthier lifestyle.

- For example:
- The business of chemistry contributes \$674 billion to our national economy
 - We employ up to 800 thousand people nationwide
 - We invest \$49 billion in research and development annually, and \$13 billion in environmental, health and safety programs
 - We produce materials vital to nearly every U.S. industry
 - Drug innovations based in chemistry have helped increase the life expectancy in the U.S. by 30 years over the past century

So join us on April 7th and learn more about the benefits of chemistry!

DIRECTIONS

NJ Turnpike Extension to Exit 14B (from 78 East or Holland Tunnel). Follow Liberty State Park Signs. Once in Liberty State Park, follow orange parking signs.

Hudson-Bergen Light Rail: Get off at Johnson Avenue/Liberty State Park. Shuttles will be provided.
